Re: Bromide Mining LLC

Gentlemen:

It has recently come to my attention that mail addressed to me c/of Bromide Mining LLC was sent by the State of Utah. I have not been a Manager since Feb 24th, 2013 and have never received any of the correspondence. I believe the correspondence, although in my name, was received by the corporation and opened by them without any notice to me and without my permission.

Please take this letter as notice of my non-involvement managing the company since the above set forth date and that my name should be removed from any records dealing with the mine and/or the management of the mine.

Very truly yours,

A handwritten signature in dark ink, appearing to be 'Avraham Azoulay', written over a horizontal line.

Avraham Azoulay
